

HANDOUTS LIST

RStandifer Workshops: Student Teams Materials

Team Member Agreement

Student teams complete this contract at the beginning of the project. As a team, students answer team-related questions. Used as part of team assessment.

Student Info Form

This is a short (1-pg) survey students complete prior to team selection. Instructors use student responses to assist their efforts putting teams together.

Process and Expectations Form

A student handout, this outlines the instructor's expectations for the project. The process students will use if there is a problem in the team is also provided.

Peer Eval Form

Students complete this survey at the end of the project. Used as individual assessment for the project.

Infographic: Successful Teams

Key characteristics of successful teams for students.

Infographic: Collaborative Tips

Specific ways students may improve their collaborative efforts.

Collaboration Assessment & Rubric

Students reflect on and assess the collaborative efforts of their teams.
