Assess Our Virtual Teams

Will this workshop help us?
How many of these statements apply to your organization?

Team Fundamentals

- We are mindful of team-building elements like work patterns, timing, personality, and diverse selection when creating virtual teams.
- We know how traditional team elements/processes work (or don't) in the context of virtual teamwork.

Team Functioning

- We know the characteristics of effective teams in the virtual realm.
- We understand team process as it relates to virtual teams.
- We are skilled at managing/utilizing conflict in virtual teams.

The Virtual Realm

- Our efforts to create effective virtual teams have been successful.
- We understand virtual team challenges and how to build rapport among members.
- We have conducted a needs assessment with regard to our teams.

General Observations

- Our organization values virtual teams and utilizes them productively.
- We manage our virtual teams effectively, with engaged team members.
- Our virtual team leaders manage team interactions and work well.

Results

Could you apply all of these statements to your organization? If not, we can help!
